About This Game

Farm Life: Natures Adventure (FLNA) for short is about farming.

Just before you begin your adventure, you will be taking over your parents farm as they'd decided to retire and move away for a while. You can earn money from growing and selling crops, raising livestock, fishing, mining, part-time jobs and events. You will need to plan your days ahead to make sure you have enough time to get through your day. You can speak to every townsfolk that is currently living in your town, choose to marry them from a choice of fourteen candidates, join in the town events or raise a child together and show them how to work on the farm.

"Fire the starboard broadside!" shouts the Captain.

Cannons roar as H.M.S. Courageous attacks the enemy frigate. As one of the junior officers--really, more of an officer in training--you command three guns on Courageous's main gun deck. The guns of the battery next to yours fire, leaping back against the heavy ropes that prevent them from smashing across the ship. Clouds of white smoke billow about you as you give your gun crew the commands to ready your battery's cannons: "Swab! Powder! Wadding! Shot! Run out the guns!"

The Captain yells out, "Fire as the guns bear!" You give your gun crews orders to load and fire as quickly as they can, without waiting for the rest of the broadside.

They swab out the bore, push in a charge of powder, push wadding down on the powder, load the shot, push the gun out through the gunport, and fire the cannon, with you commanding each step of the process. "Swab, powder, wadding, shot, fire! Swab, powder, wadding, shot--"

The world turns upside down as the enemy's broadside rips through the hull some ten feet away.

Funny superhero game with tactical strength as long as you dont exploit the character creation option like I did :D

Very rare bugs, nice abilities and background story give you about 5-8 hours of gameplay to complete.

If you cant get enough of Nazis with imperfect German and an American accent this is your game.
Also: Look at the posters at the walls of the underground bases ;D

(Also justifies and promotes violence by *PUNCH* FOOOOOOOOOOOOOR FREEEEEEEEDOOOOOOOM!!!. I love hidden object games in general, and have lost count of how many I've played. This one just doesn't cut it. For me it comes down to this - the hidden objects are ridiculously hard to see; harder than any HOGs I've played before. So if you're after achievements, forget this one. Finish a scene in under 2 minutes? HA! I started micro-clicking all over the screen, at random, then in patterns, and still couldn't finish one in 2 minutes. You can literally click on the right object, and it won't go away because you didn't click in JUST THE RIGHT SPOT of that object. The story is weak too, and although the story presumably takes place over the course of several days, the woman never changes her clothes. Being picky? Maybe, but a game becomes dull IMO when you keep seeing the same graphics and scenes over and over.

There are SO many better HOGs out there. Save your money for one of them.. Good game, but should have been called Star Squidizen.. A true representation of the board game that we all loved. The highlands are a great addition as well. Now if they can just create the Talisman City add-on I would have them all! Good job!. Didn't work just froze on loading screen.

Shepherds of the Abyss is a top notch indie game and I really enjoyed it. I had no problems with the gameplay and no issues figuring things out. Optimization and performance were stellar; It ran perfectly fine on my aging 670. Well done, I can't wait to see what these guys do next!. Gives some great backstory of the game. Definitely read before playing Hotline Miami 2.. I havent even play with this dlc yet cuz it came out like 20 minutes ago but i bet its good lol. great fun game. CS:GO Player Profiles
